## COUNTER INDUCTION LOOP KIT

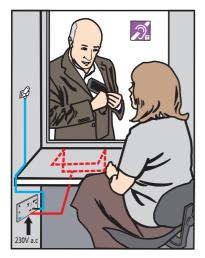

C-TEC's new ML1/K counter induction loop kit is ideal for use in post offices, banks, building societies, ticket offices and reception areas.

Comprising a compact wall-mounting double gang induction loop amplifier, a self-adhesive microphone and pre-formed counter loop, it can generate a loop listening field of 1.2m<sup>2</sup> approx. making it ideal for counters, desktops and tables.

In addition to its 3.5mm microphone input, the ML1 amplifier also features a balanced line input, loop strength, input peak and mains on indicators and a selection of user and engineer controls.

As well as being used as part of the ML1/K counter loop system, the ML1 is capable of covering rooms up to  $20m^2$  (approx. 4.5m x 4.5m) using a loop made from four core burglar alarm cable wired as four turns.

## A typical ML1 Counter Loop System

- Extremely cost-effective kit trades at just £60.61 + VAT
- Generates a loop listening field of approx. 1.2m<sup>2</sup> dependent on loop position
- Attractively-packaged kit includes:-
  - 1 x ML1 wall-mounting induction loop amplifier
  - 1 x AMT self-adhesive microphone
  - 1 x TX2 pre-formed counter loop
  - 1 x TEAR 'loop fitted' sticker
- Double-gang wall-mounting ML1 amplifier fits standard UK 25mm back boxes and is ideal for mounting under desks, counters or table tops
- Omni-directional AMT microphone plugs directly into 3.5mm socket on amplifier front
- Balanced/unbalanced line level in and 12V d.c. out connectors offer full compatibility with C-TEC's unique outreach plate audio input extension system
- User-adjustable microphone sensitivity and engineer-adjustable loop drive and input level controls
- Input Peak, Mains On and Loop Strength indicators
- Automatic compressor limiter
- Fully compliant with EN60118-4 (formerly BS6083) and BS7594:1993
- Installer-friendly design requires no specialist audio experience or connectors
  the ML1 can be fitted by any competent electrician
- Can be used to help building managers and service providers comply with BS8300, the Disability Discrimination Act and the Care Standards Act
